Part 2: Student Academic Plan

This Academic Plan should match and will be reviewed by the OIE in tandem with the student's DU Nomination Application essay responses. The essay responses should fully describe how this academic plan fits in with the students overall academic, professional, and personal goals and provide a clear and strong justification as to how these intended courses meet those goals better than those available on a DUPP.

Below, please list out the courses you hope to take abroad and include the following information:

- Course Name
- Detailed Course Description (or syllabi if available)
- Required Pre-requisites
- How have you/will you meet those pre-requisites?
- Other coursework you've already taken that this course would build upon
- Future planned coursework that would continue to build upon this course when you return to DU
- Have you submitted the course for major/minor approval through the DU electronic course approval system? If so, please include information as to whether the course has been approved.

Course 2

Course 3

Course 4

Course 5

Unless your program has a set curriculum, please list at minimum two alternative courses

Part 3: Academic/Faculty Advisor Approval

Student Portion

Students: As part of the DU Nomination to apply to an unaffiliated program, students are required to meet with and discuss unaffiliated program intended courses with their academic/faculty advisor. Please discuss this academic plan, especially in regards the academic fit of these intended courses, with your advisor. Students are responsible for the validity of the content of this AUP Student Plan and are strongly encouraged to contact the program directly with any questions about course availability or other information regarding this program choice. Note that this plan does NOT take the place of the official DU Study Abroad Course Approval Process, nor does the Academic/Faculty Advisor's signature constitute an approval of courses towards specific degree requirements. Students will still be responsible for submitting any courses for official course approval through the Registrar's online process found [here](#) upon their nomination to a program.

Note that this plan does NOT take the place of the official DU Study Abroad Course Approval Process, nor does the Academic/Faculty Advisor's signature constitute an approval of courses towards specific degree requirements. This plan is intended to demonstrate that the student has appropriately researched potential courses; these align with the student's academic goals; and the student has met and discussed this plan with an academic/faculty advisor. All courses taken abroad are subject to DU study abroad course approval

requirements and should be submitted via the electronic course approval system if credit towards a specific degree requirement is desired. **The student is responsible for the accuracy of the information provided in the AUP Student Plan.**

Part 4: Study Abroad Cost Planning Worksheet

This worksheet is designed to help students understand the total cost for study abroad on an unaffiliated program (AUP or UPP). For assistance with this sheet, please meet with an OIE advisor or watch the Financing Study Abroad presentation in DU Passport. Students are responsible for the accuracy of the information provided in this form. This form is intended as an estimate of costs for the student's planning benefit and may differ from actual costs spent; the OIE is not responsible for verifying the costs indicated by the student below.

Step 1: Financial Aid - How much financial aid you'll receive

Students on an AUP or UPP can use federal and state aid. **DU aid does not apply.** If you plan to use financial aid and/or scholarships you should contact Financial Aid and/or your scholarship provider directly to discuss if study abroad on an unaffiliated program will change your award. For more information on financial aid and what will apply, please see: http://www.du.edu/abroad/costs/financial_aid.html

Box A: Total estimated amount of applicable financial aid can be applied toward your study abroad

\$

Step 2: Estimate Your Cost Abroad – How much study abroad will cost

1. Determine how much DU will charge you per quarter for participation on an unaffiliated program (academic year students will pay for three quarters of fees).

Item	2021 Fees For One Quarter (2021-2022 fees not yet available, subject to change)	Your Term
Technology Fee	\$48	\$
Administrative fee	\$150	\$
INTZ 2502 Course Tuition	\$1,490 (2021 tuition rate; subject to change) <i>Only charged for the first quarter abroad for enrollment in required study abroad course. DU Institutional Aid DOES NOT apply towards this credit Not applicable for Summer study abroad</i>	
Box B: Total		\$

(This is the amount you will be billed for through the DU Bursar's Office on the University's tuition due date.)

2. Determine what your unaffiliated program will charge you directly. Unaffiliated programs usually post their fees on their website. Make sure to understand what this fee includes (i.e. does it include housing, meals, on-site support, tuition, etc.). If unsure, contact your unaffiliated program.

Box C: Unaffiliated Program Fee(s)

\$

3. Determine the difference between what your applicable financial aid will cover and what your unaffiliated program will bill you. Note that financial aid dispersal will follow the DU calendar.

Box D: Difference between applicable financial aid and Unaffiliated Program fee (Box A – Box C)	\$
---	----

4. Determine how much will need to spend on the following additional expenses. Make sure to budget for the entire length of your program. For advice on budgeting in your host country, contact returnees, research travel books, reference your program-specific materials, and review cost of living estimators such as: <http://www.numbeo.com/cost-of-living/comparison.jsp> and <http://www.expatisan.com/cost-of-living>.
