## DU PARTNER PROGRAMS (DUPP)

This worksheet helps students understand the cost for studying abroad on a DU Partner Program.

### STEP 1: Financial Aid – How much financial aid will you receive?

Students on DU Partner Programs should **include federal, state, and DU aid** (including housing grants). If you plan to use financial aid and/or scholarships, you should contact the Financial Aid Office and/or your scholarship provider directly to discuss if studying abroad will change your award.

<b>Box A: Total Estimated Amount of Financial Aid Applied to Your Study Abroad</b>	\$
--	----

### STEP 2: Estimate Your Cost Abroad – How much will study abroad cost?

- Determine if you qualify to be a Cherrington Global Scholar (CGS).
  - See the DU Study Abroad Handbook for more information.
- Determine how much DU will charge you per quarter (Academic year students will pay for 3 quarters of DU tuition and fees).

The DU Bursar's Office will issue a bill for this amount on the University's tuition billing date. Please note that these amounts are contingent on the Bursar's Office and Housing and Residential Education (HRE) and are subject to change each year.

Program Costs	DU Fees for One Quarter (2024-25 rates)	Your Term(s)
DU tuition	\$20,016	\$
Technology Fee	\$48	\$
Housing**	\$3,873	\$
Meals**	\$2,072	\$
<b>Box B: DU Bill</b>		\$

\*\* You will be billed for housing and/or meals if included as part of your study abroad program, regardless of whether you are currently charged for DU meals or housing on campus. See if your program includes housing/meals in the *Cost & Billing* section of your program's brochure:  
[abroad.du.edu/index.cfm?FuseAction=Programs.AdvancedSearch](https://abroad.du.edu/index.cfm?FuseAction=Programs.AdvancedSearch)

Determine the difference between what your financial aid will cover and what DU will bill you. Note that the DU bill and financial aid dispersal will follow the standard DU billing calendar.
