## Proposed Study Plan for Visiting Students

Kindly fill out the below table with the classes you wish to take during your first term of attendance at the University of Denver. Note that matriculation into classes will take place after you receive formal admission to the University of Denver. For information on searching for classes and registration, see [here](#).

- **Undergraduate visiting students** enroll in the quarter schedule and must enroll in 12-18 DU quarter credits per quarter (there are three quarters in an academic year).
- **Non-law graduate visiting students** enroll in the quarter schedule only and must enroll in 8-18 credits per quarter (there are three quarters in an academic year).
- **Law graduate exchange students** enroll in the semester schedule and must enroll in at least 8 semester credits per semester. It is not recommended that law exchange students enroll in more than 12 credits per semester.
- **Note to all visiting students:** class schedules are usually released several months before the term starts, therefore there may be timetable conflicts. Make sure to have several alternative classes in your planning.
